

Model Information
Nexxit 9031-MG01

fabric seat: *artificial leather "Magic"*
 fabric back: *artificial leather "Magic"*
 metal parts: *steel*
 mechanism: *synchronous mechanism*
 armrests:
 castors/glides: *glides*
 package: *assembled in box*

Materials / Recycling rate:

	Weight in kg	Weight in %	Recycling rate			
			Post Consumer rate		Pre Consumer rate	
			in kg	in %	in kg	in %
Aluminium	5,04	26,0%	4,54	90,0%	0,00	0,0%

Post-Consumer Recycling rate

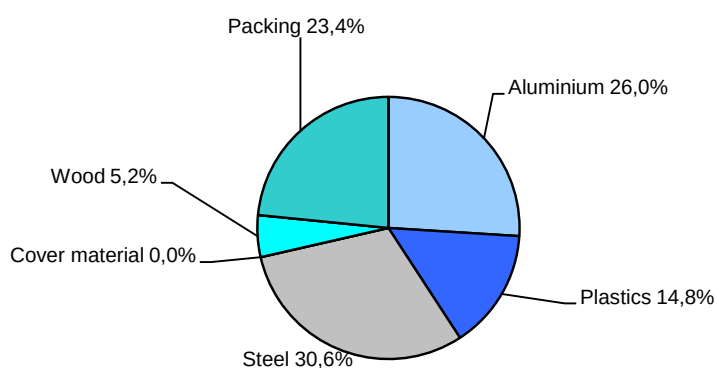

61,0%

Post-Consumer Recycling means recycling of a material, after use by the end customer (e. g. yoghurt cup, glass waste from bottles etc.)

Pre-Consumer Recycling rate

4,5%

Pre-Consumer Recycling means recycling of a material, before use by the end customer (e. g. chipped wood as waste product)

98% of the materials can be recycled after using the chair.

On request you will receive an environmental data sheet, exactly fitting on each chair, respectively each model version.
 If required, please apply for this model specific information.

Tested safety
